Our Purpose

Our purpose is to bring pagan and pagan friendly people and families in the community together to celebrate life and the changing seasons. No matter gender, age, or previous knowledge of paganism, these events are open to all who wish to learn and experience. Since pagans practice many spiritual paths and come from a variety of backgrounds, Eclectic Traditions strives to bring many pagan leaders to lead our rituals/celebrations.

Who We Are

About Us

We are a family oriented spiritual group and we organize Community Rituals for the purpose of bringing the spiritual community together. We believe that there are many paths leading to the same spiritual place(s), and we affirm the right of any individual to choose his/her own path, and the right of any group to worship the Divine in any lawful manner they may choose.

ECLECTIC TRADITIONS

Bringing Pagan and Pagan friendly people together to celebrate life and the changing seasons.

Ostara 2018 – Indo European Tradition presented.

One Reason Why We Celebrate…

For followers of nature-based spiritual paths the dynamics of the changing seasons, the interplay between darkness and light, and the natural world are fundamental. This cycle is an expression of deeper truths. By making conscious choices to be active participants in the natural ebb and flow of the year, pagans can find harmony with things on all levels: natural, personal, and the divine. Rituals are open to the whole pagan and pagan friendly community to celebrate.

About the Events

Our community events are free to all who wish to attend however, Eclectic Traditions is run by donations. If you are able, please give a little… or a lot, so that we can continue to have a space for rituals and making the experiences memorable for the community.
